Your child has been referred to a speech therapist

At the appointment with the speech therapist, your child's speech and language will be assessed by means of various tests and assessment tools, such as books, toys.

The speech therapist will assess;

- Communication (interest in interaction with other, talking to people)
- Ability to express oneself
- Language comprehension (understanding words and sentences)
- Vocabulary
- Grammar
- Pronunciation (sounds/letters)
- Oral motor skills (mobility of tongue and lips)

Your child will be given an appointment within 3 months, the healthcare guarantee applies.

We have our main clinic at Folkungagatan 16. Our other clinics are on Kungsgatan, in Gamlestan, in Partille and at Drottning Silvias hospital for children and young people in Göteborg.

If you have any questions, you are welcome to contact us at Children's speech therapy, telephone 031-342 61 85.
